

DIRECTORS' APPROVAL OF THE ANNUAL FINANCIAL STATEMENTS

The directors of the company are responsible for the maintenance of adequate accounting records and the preparation and integrity of the financial statements and related information. The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and the requirements of the Companies Act of South Africa. The group's independent external auditors, PricewaterhouseCoopers Inc., have audited the financial statements and their unmodified report is enclosed.

The directors are also responsible for the systems of internal control. These controls are designed to provide reasonable but not absolute assurance as to the reliability of the financial statements, and to adequately safeguard, verify and maintain accountability of the assets, to record all liabilities, and to prevent and detect material misstatement and loss. The systems are implemented and monitored by suitably trained personnel with appropriate segregation of authority and duties. Nothing has come to the attention of the directors to indicate that any material breakdown in the functioning of these controls, procedures and systems has occurred during the year under review.

In preparing the financial statements, the company and group have used appropriate accounting policies, supported by reasonable judgements and estimates, and have complied with all applicable accounting standards. The directors are of the opinion that the financial statements fairly present the financial position of the company and the group as at 30 September 2019 and the results of their operations and cash flows for the year under review.

The annual financial statements are prepared on the going concern basis. Nothing has come to the attention of the directors to indicate that the company or the group will not remain a going concern for the foreseeable future.

The annual financial statements were approved by the board of directors on 12 November 2019 and are signed on its behalf by:
